

## To Our Visiting Elks Members

Parking is extremely limited, especially during this post-pandemic summer; we have had to close our parking lot every Sunday. **We are asking visiting Elks Members to carpool with their guests.** If we must close the parking lot, we will not allow any cars in, regardless of who they are meeting or how far they have traveled, and we will advise guests to return once the lot reopens.

There is no parking allowed in the fire lanes, beyond our fence line, in our neighbor's yard or on Seaside Avenue. If you block someone in or park in these areas, your car will be towed without notice. (We monitor the parking lot and know which cars are in violation & subject to towing.)

Public parking is not available at our local businesses. If you park there, you are subject to their towing and/or ticketing policies and we do not assume any responsibility or liability.

We strive to make your visit pleasant and appreciate your patience & understanding on our busy days. You may be asked to present your Membership card more than once. Please respect and be kind to our Lodge, Staff and Volunteers.

**Thank you,  
Westbrook Elks Lodge #1784 Board of Directors**
